Rishabh who is of the Vanvihar clan wants to be the king of kings, and so he makes an attempt to capture his rivals and their kings, the King of Kings is none other than Motu Patlu. Which ultimately leads him to fight against Rishabh. And Rishabh makes Motu Patlu as his half-brother or king, if he would be able to defeat a king then he would be declared the true king and he would get all the powers of a king, after defeating his opponents, Rishabh makes Motu Patlu as his king, but it becomes a problem for him as he would lose his virtue. But how will Rishabh become a king and how will he make Motu Patlu as his king.Q: Magento: Why are there 2 Admin pages for the same module? I've installed the Synthesis e5 theme in Magento. There are 2 Admin pages for this module (synthesis\_e5\_admin and synthesis\_e5\_system). The module files are in

magento/app/code/community/Synthesis/E5/etc/config.xml and they are the files that show in the admin panel. I'm assuming the admin panel 'Synthesis e5 Admin' is for the files under app/code/community/Synthesis/E5/etc/config.xml and the admin panel 'Synthesis e5 System' is for the files under app/code/community/Synthesis/E5/etc/system.xml What are the differences between the 2 admin panels? What's the difference between making changes to the files under app/code/community/Synthesis/E5/etc/config.xml and the same file under app/code/community/Synthesis/E5/etc/system.xml? Why are there 2 admin panels? A: If you have added new pages to your module then they will appear in the admin under the system configuration tab. However, when you add a new controller there is no need to keep the name of the model and controller the same. So when adding a new controller you
